## ACTIVITY REPORT- 157

- Assistive Devices and Mobility Aids Section
- Speech and Hearing Department
- Audiometry process understanding
- Government disability benefits schemes, including financial assistance, employment support, and education-related benefits.
- Disability Certificate Procedure, explaining: process and required documentation

### Audiometry Demonstration

The Speech and Hearing Unit demonstrated the audiometry testing process, explaining:

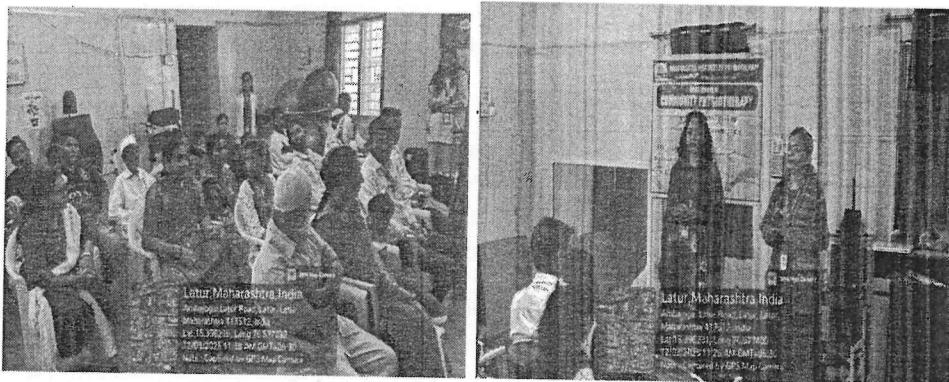

- Purpose of hearing assessment
- Types of hearing loss, Prognosis, Management
- Importance of early detection and intervention in children and adults

This helped students understand the integration of hearing services in disability care.

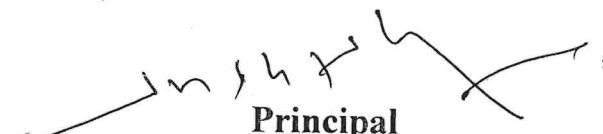

### Conclusion:

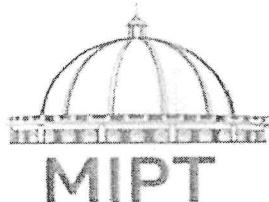

- The institutional visit to the District Disability Rehabilitation Centre was highly informative and beneficial for both students and patients. The initiative successfully contributed to the objectives of the International Day of Persons with Disabilities, promoting inclusion, awareness, and empowerment. The department aims to continue such community-oriented activities to strengthen public health and rehabilitation services.

ACTIVITY REPORT 1567**

<b>DATE</b>	11 <sup>th</sup> October 2025, 4.30-5.30 PM
<b>ACTIVITY</b>	Panel Discussion, Topic: 'AI in electrotherapy: Boon or Bane?'
<b>VENUE</b>	Netaji Subhaschandra Bose Auditorium, MIPT, MIMSR Campus
<b>ORGANIZED BY:</b>	Maharashtra Institute of Physiotherapy, Latur
<b>COORDINATOR:</b>	Dr. Kajal Chauhan
<b>DESCRIPTION</b>	Panel discussion of ELECTROCON 25 was conducted successfully as part of the academic proceedings of the conference. The session brought together experts from physiotherapy, Biomechanical engineering, AI research and clinical practice to discuss the potential benefits, risks and ethical implications of AI integration into therapeutic practices.
<b>EVENT HIGHLIGHTS:</b>	A Panel discussion was organized to explore the growing role of Artificial Intelligence in the field of electrotherapy. Total 6 Panelists (1. Dr. Aakanksha Joshi-Principal, Pramiladevi Patil college of Physiotherapy, 2. Dr. Chistian Rey D. Rimando, Assistant Professor in Department of Physical Therapy, Philippines, 3. Dr. Dhruv Dave, Principal, ARIP, 4. Dr. Reema Joshi, Professor, D.Y.Patil College, Pune, 5. Dr. Rupam Sarkar, Dr.Smita Ghoghre College of Physiotherapy, Dharashiv, 6. Dr. Warin Krityakiarana, Deputy Dean for planning and quality assurance, Thailand). Benefits of AI in electrotherapy such as precision, efficacy, data analysis, patient's data motoring and boon such as loss of human touch, data privacy, bias, errors, cost and accessibility were discussed. Audience actively participated. Panel reached a consensus that AI in electrotherapy is a powerful tool but not a replacement for human expertise. The moderator concluded the session by emphasizing that the future of electrotherapy lies in the synergy between artificial intelligence and human intelligence. The key is not to choose between human and machine, but to ensure both work hand in hand to enhance patient care.

How effective is AI in adjusting treatment parameters dynamically based on real-time feedback from the patient's body? Could AI-driven systems make electrotherapy treatments more efficient & ever

## ACTIVITY REPORT - 158

Date	24 December
Activity	Guest lecture on Role of Physiotherapy in Gut Health Rehabilitation
Venue	Kinesiology Hall, MIPT, Latur
Event	Guest Lecture
Service provider	Dr. Sai Kishore
Organizers	Dr. Subhash Khatri (Organising Chairman), Dr. Mohammad Zishan (Co-Ordinator)
Participants	Faculty & PG Students of MIPT, Latur.
Description	A guest lecture on " <i>The Role of Physiotherapy in Gut Health Rehabilitation</i> " was conducted by Dr. Sai Kishore, Assistant Professor in the Department of Sports Science at Saveetha Medical College. The session began with an opening ceremony, including a <i>Vishwashanti</i> and a felicitation of Dr. Kishore. He delivered an insightful lecture highlighting the significance of physiotherapy in managing gut health, including techniques. Dr. Kishore emphasized the importance of a holistic, multidisciplinary approach to treating gut disorders and shared relevant case studies. The lecture was attended by MIPT staff and PG students, who actively engaged in the Q&A session, appreciating the practical applications of physiotherapy in gut health rehabilitation.

## ACTIVITY REPORT-

### One Day Hands-on Workshop on ‘Systematic Review and Meta-analysis’

<b>DATE</b>	27/10/2025, 9 Am- 5 Pm
<b>ACTIVITY</b>	One Day Hands-on Workshop with certification.
<b>VENUE</b>	Kinesio Hall, MIPT
<b>PARTICIPANTS</b>	Faculties and First and Second year Post Graduate Students of MIPT
<b>PROGRAMME COORDINATOR</b>	Dr. Kajal Chauhan, Dept. of Community Physiotherapy
<b>DESCRIPTION</b>	<p>Maharashtra Institute of Physiotherapy, Latur had organized a One Day Hands-on Workshop on ‘Systematic Review and Meta-analysis’. A total of 37 Post graduate students and 2 faculties attended the workshop. The workshop was conducted by a founder of Whitenotes Dr. Summaiya Zareen Shaikh from SIA Institute of Physiotherapy, Mumbai. Registration was free of cost for the participants. Refreshments were arranged for participants, faculties and resource person by the institute. Workshop was started with Inauguration with felicitation of a guest.</p> <p><b>Objective of the workshop</b></p> <ul style="list-style-type: none"><li>• To train Post graduate students in the principals and practical application of Systematic reviews and Meta-analysis, which form the backbone of evidence based research and healthcare decision making.</li><li>• To introduce participants to the methodology of conducting systematic reviews and meta-analysis</li><li>• To familiarize students with various software tools such as PRISMA, Pubmed) and hands on training</li><li>• To enhance research quality and promote publication of high impact review articles.</li><li>• To provide hands-on experience in developing research questions, data extraction, Data sheet</li></ul> <p><b>Sessions:</b></p> <ul style="list-style-type: none"><li>• Session 1: Workshop overview and ice-breaker</li><li>• Session 2: Types of Reviews: Narrative vs scoping vs Systematic</li><li>• Session 3: Quality assessment and basics of Meta-analysis</li><li>• Session 4: Formulating Research Questions using PICO (Group Activity)</li><li>• Session 5: Search Strategies in PubMed (Hands on demo)</li><li>• Session 6: Writing a Protocol and introduction to PROSPERO</li><li>• Session 7: title and abstract screening using MS-Excel, Duplicate Removal, Introduction to other softwares</li></ul> <p><b>Outcomes:</b></p> <ul style="list-style-type: none"><li>• Participants gained a strong understanding of the systematic review process and Meta-analysis techniques. Each participant successfully performed a mini-projects using sample data sets.</li></ul> <p><b>Group Activity:</b></p> <ul style="list-style-type: none"><li>• Group activity was conducted with a total of 5 Tables with Group of 7 students during sessions. 10 marks scoring were given for the participation,</li></ul>
